Meet the cardpointe TERMINALS

Plug & Play

P2PE

PIN Debit

EMV

Interchange Optimization

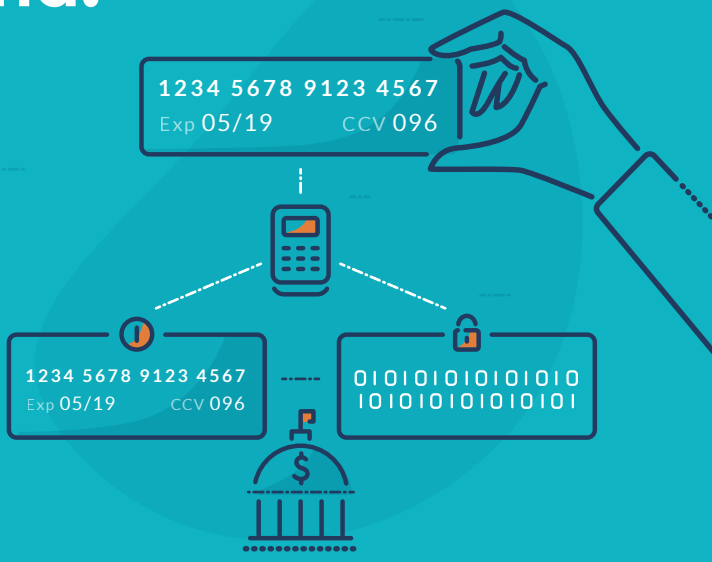
FEATURING

Direct Integration with CardPointe

Satisfy all your payment needs

- View transactions instantly
- Manage transactions
- Create customer profiles

Created with you in mind.



Unrivaled Security

Point-to-point encryption is the only way to truly protect in-store transactions.

Sensitive data is instantly encrypted upon swipe/dip, defending you and your customers against a potential data breach.

Advanced Functionality

- Sale
- Refund
- Void
- Pre-Auth
- Detail/Summary
- Auto Close
- Receipt Reprints
- Host Capture
- Reports by Cards
- Tip Adjust
- Server ID
- Voice Auth

Ordering Made Easy

Need new supplies or even an additional terminal? You can now order them directly from ***shop.cardconnect.com***
